“Sometimes it just helps to have another person to go and talk to! It is my hope as a clinician to provide a safe and comfortable environment where people can express themselves in creative ways and work through some of the difficulties that come with being a child and adolescent. ”

"I have always known that I wanted to work with kids and having the opportunity to intern with Needham Youth Services is an incredible way to do that. I look forward to supporting some of the same life-changing programs I grew up participating in."
