NOTICE

Road Improvement Notification

Central Ave (Pine Street to Dover Town line)

The Department of Public Works Highway Division with hired contractor (Indus) will be placing a new wear course of pavement on Central Ave (Pine Street to Dover Town line) beginning the week of Aug 2nd. Weather permitting. The process being used is called Micro-Paving. In advance of this process Highway crews will be repairing imperfections in the roadway during the daytime hours.

Night Work;

This Micro-Paving treatment will be completed between the hours of 8pm-6am. Two thin layers of pavement will be placed over the existing roadway. The work will take two nights to complete (weather permitting). New traffic markings will be installed approximately two weeks after the process is complete.

It should be noted that for short periods of time side streets that access Central Ave as well as driveways will have to be closed off to allow for the product to cure, Emergency vehicles (Police-Fire) will have access at all times but residents are asked to plan for short periods of time 25-30 minutes when access restrictions will be enforced.

Electronic message boards will be used to update residents and commuters.
