6. Correspondence.

(Items for which a specific time has not been assigned may be taken out of order.)

HONE Recommended Zoning Proposals

- 1. Base Compliance Plan:** A scenario that adheres very closely to the zoning boundaries and dimensional standards in Needham's current Zoning Bylaw. This scenario is intended to meet the minimum compliance requirements of the MBTA Communities Act.
- 2. Neighborhood Housing Plan:** A scenario that increases dimensional standards and the number of units that can be built on a parcel of land as a way to encourage housing production and respond to the goals in Needham's Housing Plan. This scenario is intended to meet and exceed the minimum compliance requirements of the MBTA Communities Act.

	Needham Requirement	Base Compliance Plan	Neighborhood Housing Plan
Acreage (net)	50	100.26	92.57
Unit Capacity	1,784	1,868	3,294
Density (units/acre)	15	18.6	35.6
Percent in Transit Area	90%	92.5%	91.8%

HONE is recommending that the Town advance four zoning amendments, which build on each other:

Article 1: Creates a multi-family overlay district following the recommended district boundaries and dimensional standards in the Base Compliance Plan.

Article 2: The map change for the Base Compliance Plan to accompany Article 1.

Article 3: Amends Article 1 and inserts the dimensional standards of the Neighborhood Housing Plan.

Article 4: The map change for the Neighborhood Housing Plan to accompany Article 3.

ARTICLE 1: AMEND ZONING BY-LAW – MULTI-FAMILY OVERLAY DISTRICT

To see if the Town will vote to amend the Needham Zoning By-Law as follows:

1. By amending Section 1.3, Definitions by adding the following terms:

Applicant – A person, business, or organization that applies for a building permit, Site Plan Review, or Special Permit.

Multi-family housing – A building with three or more residential dwelling units or two or more buildings on the same lot with more than one residential dwelling unit in each building.

2. By amending Section 2.1, Classes of Districts by adding the following after ASOD Avery Square Overlay District:

MFOD – Multi-family Overlay District

3. By inserting a new Section 3.17 Multi-family Overlay District:

3.17 Multi-family Overlay District

3.17.1 Purposes of District

The purposes of the Multi-family Overlay District include, but are not limited to, the following:

- (a) Providing Multi-family housing in Needham, consistent with the requirements of M.G.L. Chapter 40A (the Zoning Act), Section 3A;
- (b) Supporting vibrant neighborhoods by encouraging Multi-family housing within a half-mile of a Massachusetts Bay Transit Authority (MBTA) commuter rail station; and
- (c) Establishing controls which will facilitate responsible development and minimize potential adverse impacts upon nearby residential and other properties.

Toward these ends, Multi-family housing in the Multi-family Overlay District is permitted to exceed the density and dimensional requirements that normally apply in the underlying zoning district(s) provided that such development complies with the requirements of this Section 3.17.

3.17.2 Scope of Authority

In the Multi-family Overlay District, all requirements of the underlying district shall remain in effect except where the provisions of Section 3.17 provide an alternative to such requirements, in which case these provisions shall supersede. If an Applicant elects to develop Multi-family housing in accordance with Section 3.17, the provisions of the Multi-family Overlay District shall apply to such development. Notwithstanding anything contained herein to the contrary, where the provisions of the underlying district are in conflict or inconsistent with the provisions of the Multi-family Housing Overlay District, the terms of the Multi-family Overlay District shall apply.

If the applicant elects to proceed under the zoning provisions of the underlying district (meaning the applicable zoning absent any zoning overlay) or another overlay district, as applicable, the zoning bylaws applicable in such district shall control and the provisions of the Multi-family Overlay District shall not apply.

3.17.2.1 Subdistricts

The Multi-family Overlay District contains the following sub-districts, all of which are shown on the MFOD Boundary Map and indicated by the name of the sub-district:

- (a) A-1
- (b) B
- (c) ASB-MF
- (d) CSB
- (e) HAB
- (f) IND

3.17.3 Definitions

For purposes of this Section 3.17, the following definitions shall apply.

Affordable housing – Housing that contains one or more Affordable Housing Units as defined by Section 1.3 of this By-Law. Where applicable, Affordable Housing shall include Workforce Housing Units, as defined in this Subsection 3.17.3 Definitions.

As of right – Development that may proceed under the zoning in place at time of application without the need for a special permit, variance, zoning amendment, waiver, or other discretionary zoning approval.

Compliance Guidelines – *Compliance Guidelines for Multi-Family Zoning Districts Under Section 3A of the Zoning Act* as further revised or amended from time to time.

EOHLC – The Massachusetts Executive Office of Housing and Livable Communities, or EOHLC's successor agency.

Open space – Contiguous undeveloped land within a parcel boundary.

Parking, structured – A structure in which Parking Spaces are accommodated on multiple stories; a Parking Space area that is underneath all or part of any story of a structure; or a Parking Space area that is not underneath a structure, but is entirely covered, and has a parking surface at least eight feet below grade. Structured Parking does not include surface parking or carports, including solar carports.

Parking, surface – One or more Parking Spaces without a built structure above the space. A solar panel designed to be installed above a surface Parking Space does not count as a built structure for the purposes of this definition.

Residential dwelling unit – A single unit providing complete, independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking, and sanitation.

Section 3A – Section 3A of the Zoning Act.

Site plan review authority – The Town of Needham Planning Board

Special permit granting authority – The Town of Needham Planning Board.

Sub-district – An area within the MFOD that is geographically smaller than the MFOD district and differentiated from the rest of the district by use, dimensional standards, or development standards.

Subsidized Housing Inventory (SHI) – A list of qualified Affordable Housing Units maintained by EOHLC used to measure a community's stock of low-or moderate-income housing for the purposes of M.G.L. Chapter 40B, the Comprehensive Permit Law.

Workforce housing unit – Affordable Housing Unit as defined by Section 1.3 of this By-Law but said Workforce Housing Unit shall be affordable to a household with an income of between eighty (80) percent and 120 percent of the area median income as defined.

3.17.4 Use Regulations

3.17.4.1 Permitted Uses

The following uses are permitted in the Multi-family Overlay District as a matter of right:

- (a) Multi-family housing.

3.17.4.2 Accessory Uses.

The following uses are considered accessory as of right to any of the permitted uses in Subsection 3.17.4.1:

- (a) Parking, including surface parking and structured parking on the same lot as the principal use.
- (b) Any uses customarily and ordinarily incident to Multi-family housing, including, without limitation, residential amenities such as bike storage/parking, a swimming pool, fitness facilities and similar amenity uses.

3.17.5 Dimensional Regulations

3.17.5.1 Lot Area, Frontage and Setback Requirements

The following lot area, frontage and setback requirements shall apply in the Multi-family Overlay District sub-districts listed below. Buildings developed under the regulations of the Multi-family Overlay District shall not be further subject to the maximum lot area, frontage, and setback requirements of the underlying districts, as contained in Subsection 4.3.1 Table of Regulations, Subsection 4.4.1 Minimum Lot Area and Frontage, Subsection 4.4.4 Front Setback, Subsection 4.6.1 Basic Requirements, and Subsection 4.6.2 Front and Side Setbacks.

	A-1	B	ASB-MF	CSB	HAB	IND
Minimum Lot Area (square feet)	20,000	10,000	10,000	10,000	10,000	10,000
Minimum Lot Frontage (feet)	120	80	80	80	80	80
Minimum Front Setback (feet) from the front property line	25	10	Minimum 10 Maximum 15	20 feet for buildings with frontage on Chestnut Street 10 feet for all other buildings	20	25
Minimum Side and Rear Setback (feet)	20	10 ^{a, b}	10 ^{a, d}	20 (side) ^{a, b, e}	20 ^{a, b}	20 ^{a, b}

- (a) The requirement of an additional 50-foot side or rear setback from a residential district as described in Subsection 4.4.8 Side and Rear Setbacks Adjoining Residential Districts or Subsection 4.6.5 Side and Rear Setbacks Adjoining Residential Districts shall not apply.
- (b) Any surface parking, within such setback, shall be set back 10 feet from an abutting residential district and such buffer shall be suitably landscaped.
- (c) An underground parking structure shall be located entirely below the grade of the existing lot and set back at least ten (10) feet from the lot line and the surface of the garage structure shall be suitably landscaped in accordance with Subsection 4.4.8.5 Landscaping Specifications.
- (d) The rear and side setbacks are 20 feet along the MBTA right-of-way. With respect to any lot partially within an underlying residential district, (i) no building or structure for a multi-family residential use shall be placed or constructed within 110 feet of the lot line of an abutting lot containing an existing single family residential structure and (ii) except for access driveways and sidewalks, which are permitted, any portion of the lot within said residential district shall be kept open with landscaped areas, hardscaped areas, outdoor recreation areas (e.g., swimming pool) and/or similar open areas.
- (e) On the west side of Chestnut Street, the rear setback shall be 20 feet. On the east side of Chestnut Street, the rear setback shall be 30 feet.

3.17.5.2 Building Height Requirements

The maximum building height in the Multi-family Overlay District sub-districts shall be as shown below. Buildings developed under the Multi-family Overlay District shall not be further subject to the maximum height regulations of the underlying district, as contained in Subsection 4.3.1 Table of Regulations, Subsection 4.4.2 Maximum Building Bulk, Subsection 4.4.3 Height Limitation, Subsection 4.6.1 Basic Requirements, and Subsection 4.6.4 Height Limitation.

	A-1	B	ASB-MF	CSB	HAB	IND
Maximum Building Height (stories)	3.0	3.0	3.0 ^c	3.0	3.0	3.0
Maximum Building Height (feet)	40	40	40 ^c	40	40	40

- (a) Exceptions. The limitation on height of buildings shall not apply to chimneys, ventilators, towers, silos, spires, or other ornamental features of buildings, which features are in no way used for living purposes and do not occupy more than 25% of the gross floor area of the building.
- (b) Exceptions: Renewable Energy Installations. The Site Plan Review Authority may waive the height and setbacks in Subsection 3.17.5.2 Building Height Requirements and Subsection 3.17.5.1 Lot Area, Frontage and Setback Requirements to accommodate the installation of solar photovoltaic, solar thermal, living, and other eco-roofs, energy storage, and air-source heat pump equipment. Such installations shall be appropriately screened, consistent with the requirements of the underlying district; shall not create a significant detriment to abutters in terms of noise or shadow; and must be appropriately integrated into the architecture of the building and the layout of the site. The installations shall not provide additional habitable space within the development.
- (c) In the ASB-MF subdistrict, the Applicant may apply for a Special Permit for a height of four stories and 50 feet, provided that the fourth story is contained under a pitched roof, having a maximum roof pitch of 45 degrees, or is recessed from the face of the building (street-facing)by a minimum of 12 feet as shown in the Design Guidelines adopted for the Needham Center Overlay District under Subsection 3.8.8 Design Guidelines.

3.17.5.3 Building Bulk and Other Requirements

The maximum floor area ratio or building coverage and the maximum number of dwelling units per acre, as applicable, in the Multi-family Overlay District sub-districts shall be as shown below, except that the area of a building devoted to underground parking shall not be counted as floor area for purposes of determining the maximum floor area ratio or building coverage, as applicable. Buildings developed under the regulations of the Multi-family Overlay District shall not be subject to any other limitations on floor area ratio or building bulk in Subsection 4.3.1 Table of Regulations, Subsection 4.4.2 Maximum Building Bulk, and Subsection 4.6.3 Maximum Lot Coverage.

	A-1	B	ASB-MF	CSB	HAB	IND
Floor Area Ratio (FAR)	0.50	N/A	1.00 ^b	0.70	0.70	0.50
Maximum Building Coverage (%)	N/A	25%	N/A	N/A	N/A	N/A
Maximum Dwelling Units per Acre ^a	18	N/A	N/A	18	N/A	N/A

(a) The total land area used in calculating density shall be the total acreage of the lot on which the development is located.

(b) In the ASB-MF subdistrict, the Applicant may apply for a Special Permit for an FAR of 1.4.

3.17.5.4 Multiple Buildings on a Lot

In the Multi-family Overlay District, more than one building devoted to Multi-family housing may be located on a lot, provided that each building complies with the requirements of Section 3.17 of this By-Law.

3.17.6 Off-Street Parking

- (a) The minimum number of off-street parking spaces shall be one space per dwelling unit for all subdistricts within the Multi-family Overlay District.
- (b) Parking areas shall be designed and constructed in accordance with Subsection 5.1.3 Parking Plan and Design Requirements. The remaining provisions of Section 5.1 Off Street Parking Regulations shall not apply to projects within the Multi-family Overlay District.
- (c) Enclosed parking areas shall comply with Subsection 4.4.6 Enclosed Parking.
- (d) No parking shall be allowed within the front setback. Parking shall be on the side or to the rear of the building, or below grade.
- (e) The minimum number of bicycle parking spaces shall be one space per dwelling unit.
- (f) Bicycle storage. For a multi-family development of 25 units or more, no less than 25% of the required number of bicycle parking spaces shall be integrated into the structure of the building(s) as covered spaces.

3.17.7 Development Standards

- (a) Notwithstanding anything in the Zoning By-Laws outside of this Section 3.17 to the contrary, Multi-family housing in the Multi-family Overlay District shall not be subject to any special permit requirement.
- (b) Building entrances shall be available from one or more streets on which the building fronts and, if the building fronts Chestnut Street, Garden Street, Highland Avenue, Hillside Avenue, Rosemary Street, or West Street, the primary building entrance must be located on at least one such street.
- (c) Site arrangement and driveway layout shall provide sufficient access for emergency and service vehicles, including fire, police, and rubbish removal.
- (d) Plantings shall be provided and include species that are native or adapted to the region. Plants on the Massachusetts Prohibited Plant List, as may be amended, are prohibited.
- (e) All construction shall be subject to the current town storm water bylaws, regulations, and policies along with any current regulations or policies from DEP, state, and federal agencies.
- (f) Control measures shall be employed to mitigate any substantial threat to water quality or soil stability, both during and after construction.
- (g) Off-site glare from headlights shall be controlled through arrangement, grading, fences, and planting. Off-site light over-spill from exterior lighting shall be controlled through luminaries selection, positioning, and mounting height so as to not add more than one foot candle to illumination levels at any point off-site.
- (h) Pedestrian and vehicular movement shall be protected, both within the site and egressing from it, through selection of egress points and provisions for adequate sight distances.
- (i) Site arrangements and grading shall minimize to the extent practicable the number of removed trees 8" trunk diameter or larger, and the volume of earth cut and fill.
- (j) No retaining wall shall be built within the required yard setback except a retaining wall with a face not greater than four (4) feet in height at any point and a length that does not exceed forty (40) percent of the lot's perimeter. Notwithstanding the foregoing, retaining walls may graduate in height from four (4) to seven (7) feet in height when providing access to a garage or egress entry doors at the basement level, measured from the basement or garage floor to the top of the wall. In such cases, the wall is limited to seven (7) feet in height for not more than 25% of the length of the wall.
- (k) Retaining walls with a face greater than twelve (12) feet in height are prohibited unless the Applicant's engineer certifies writing to the Building Commissioner that the retaining wall will not cause an increase in water flow off the property and will not adversely impact adjacent property or the public.

Special Development Standards for the A-1 Subdistrict

The following requirements apply to all development projects within the A-1 subdistrict of the Multi-family Overlay District:

- (a) 4.3.2 Driveway Openings
- (b) 4.3.3 Open Space
- (c) 4.3.4 Building Location, with the substitution of "Multifamily Dwelling" for "apartment house."

Special Development Standards for the B and IND Subdistricts of the Multi-Family Overlay District:

- (a) The requirements of the first paragraph of 4.4.5 Driveway Openings shall apply to all development projects within the Multi-family Overlay District within the B and IND subdistricts.

3.17.8 Affordable Housing

Any multi-family building with six or more dwelling units shall include Affordable Housing Units as defined in Section 1.3 of this By-Law and the requirements below shall apply.

3.17.8.1 Provision of Affordable Housing.

Not fewer than 12.5% of housing units constructed shall be Affordable Housing Units. For purposes of calculating the number of Affordable Housing Units required in a proposed development, any fractional unit shall be rounded up to the nearest whole number and shall be deemed to constitute a whole unit.

In the event that the Executive Office of Housing and Livable Communities (EOHLC) determines that the calculation detailed above does not comply with the provisions of Section 3A of MGL c.40A, the following standard shall apply:

Not fewer than 10% of housing units constructed shall be Affordable Housing Units. For purposes of calculating the number of Affordable Housing Units required in a proposed development, any fractional unit shall be rounded up to the nearest whole number and shall be deemed to constitute a whole unit.

3.17.8.2 Development Standards.

Affordable Units shall be:

- (a) Integrated with the rest of the development and shall be compatible in design, appearance, construction, and quality of exterior and interior materials with the other units and/or lots;
- (b) Dispersed throughout the development;
- (c) Located such that the units have equal access to shared amenities, including light and air, and utilities (including any bicycle storage and/or Electric Vehicle charging stations) within the development;
- (d) Located such that the units have equal avoidance of any potential nuisances as market-rate units within the development;
- (e) Distributed proportionately among unit sizes; and
- (f) Distributed proportionately across each phase of a phased development.
- (g) Occupancy permits may be issued for market-rate units prior to the end of construction of the entire development provided that occupancy permits for Affordable Units are issued simultaneously on a pro rata basis.

3.17.9 Site Plan Review.

3.17.9.1 Applicability.

Site Plan Review is required for all projects within the Multi-Family Overlay District.

3.17.9.2 Submission Requirements.

The Applicant shall submit the following site plan and supporting documentation as its application for Site Plan Review, unless waived in writing by the Planning and Community Development Director:

- (a) Locus plan;
- (b) Location of off-site structures within 100 feet of the property line;
- (c) All existing and all proposed building(s) showing setback(s) from the property lines;
- (d) Building elevation, to include penthouses, parapet walls and roof structures; floor plans of each floor; cross and longitudinal views of the proposed structure(s) in relation to the proposed site layout, together with an elevation line to show the relationship to the center of the street;
- (e) Existing and proposed contour elevations in one-foot increments;
- (f) Parking areas, including the type of space, dimensions of typical spaces, and width of maneuvering aisles and landscaped setbacks;
- (g) Driveways and access to site, including width of driveways and driveway openings;
- (h) Facilities for vehicular and pedestrian movement;
- (i) Drainage;
- (j) Utilities;
- (k) Landscaping including trees to be retained and removed;
- (l) Lighting;
- (m) Loading and unloading facilities;
- (n) Provisions for refuse removal; and
- (o) Projected traffic volumes in relation to existing and reasonably anticipated conditions based on standards from the Institute of Transportation Engineers and prepared by a licensed traffic engineer.

3.17.9.3 Timeline.

Upon receipt of an application for Site Plan Review for a project in the MFOD, the Site Plan Review Authority shall transmit a set of application materials to the Department of Public Works, Town Engineer, Police Department, Fire Department, Design Review Board, and to any other Town agency it deems appropriate, which shall each have thirty five (35) days to provide any written comment. Upon receipt of an application, the Site Plan Review Authority shall also notice a public hearing in accordance with the notice provisions contained in M.G.L. c.40A, §11. Site plan review shall be completed, with a decision rendered and filed with the Town Clerk, no later than 6 months after the date of submission of the application.

3.17.9.4 Site Plan Approval.

Site Plan approval for uses listed in Subsection 3.17.3 Permitted Uses shall be granted upon determination by the Site Plan Review Authority that the following criteria have been satisfied. The Site Plan Review Authority may impose reasonable conditions, at the expense of the applicant, to ensure that these criteria have been satisfied.

- (a) the Applicant has submitted the information as set forth in Subsection 3.17.8.2 Development Standards; and
- (b) the project as described in the application meets the dimensional and density requirements contained in Subsection 3.17.5 Dimensional Regulations, the parking requirements contained in Subsection 3.17.6 Off-Street Parking, and the development standards contained in Subsection 3.17.7 Development Standards.

3.17.9.5 Waivers

When performing site plan review, the Planning Board may waive the requirements of Subsection 3.17.6 hereof and/or Subsection 5.1.3 Parking Plan and Design Requirements, or particular submission requirements.

When performing site plan review for a Multi-family Housing project that involves preservation of a structure listed in the National Register of Historic Places, the Massachusetts Register of Historical Places, the Inventory of Historic Assets for the Town of Needham, or is in pending for inclusion in any such register or inventory, the Planning Board as part of site plan review may reduce the applicable front, side or rear setbacks in this Section 3.17 by up to 40%.

3.17.9.6 Project Phasing.

An Applicant may propose, in a Site Plan Review submission, that a project be developed in phases subject to the approval of the Site Plan Review Authority, provided that the submission shows the full buildout of the project and all associated impacts as of the completion of the final phase. However, no project may be phased solely to avoid the provisions of Subsection 3.17.7 Affordable Housing.

3.17.10 Design Guidelines

The Planning Board may adopt and amend, by simple majority vote, Design Standards which shall be applicable to all rehabilitation, redevelopment, or new construction within the Multi-family Overlay District. Such Design Guidelines must be objective and not subjective and may contain graphics illustrating a particular standard or definition to make such standard or definition clear and understandable. The Design Guidelines for the Multi-family Overlay District shall be as adopted by the Planning Board and shall be available on file in the Needham Planning Department.

ARTICLE 2 : AMEND ZONING BY-LAW – MAP CHANGE FOR MBTA OVERLAY DISTRICT (BASE PLAN OPTION)

To see if the Town will vote to amend the Needham Zoning By-Law by amending the Zoning Map as follows:

- (a) Place in the A-1 Subdistrict of the MBTA Overlay District a portion of land now zoned Apartment A-1 and located directly to the south of Hamlin Lane as shown on Needham Town Assessors Map 200, Parcels 1 and 31, superimposing that district over the existing Apartment A-1 district, said description being as follows:

Article 3 Neighborhood Housing

To see if the Town will vote to amend the Needham Zoning By-Law, inclusive of those amendments adopted under Article 1 and Article 2, as follows, and to act on anything related thereto:

1. Amending Section 3.17 Multi-family Overlay District by revising Subsection 3.17.2.1 Subdistricts to read as follows:

The Multi-family Overlay District contains the following sub-districts, all of which are shown on the MFOD Boundary Map and indicated by the name of the sub-district:

- (a) A-1
- (b) B
- (c) ASB-MF
- (d) CSB-E (Chestnut Street Business – East)
- (e) CSB-W (Chestnut Street Business – West)
- (f) CSB-GS
- (g) HAB
- (h) IND
- (i) IND-C (Industrial – Crescent)

2. Amending Subsection 3.17.1 Purposes of District by amending the last paragraph to read as follows:

Toward these ends, Multi-family housing and mixed-use development (where allowed) in the Multi-family Overlay District is permitted to exceed the density and dimensional requirements that normally apply in the underlying zoning district(s) provided that such development complies with the requirements of this Section 3.17.

3. Amending Subsection 3.17.4. Use Regulations, by adding the following paragraph (b) to Subsection 3.17.4.1 Permitted Uses:

3.17.4.1 Permitted Uses

- (b) In the B and CSB subdistricts: Ground floor commercial uses as a component of a mixed-use building with Multi-family Housing on the upper floors are permitted as of right. Commercial uses are limited to the uses, listed below:
- i. Retail establishments serving the general public containing less than 5,750 gross square feet of floor area. In multi-tenanted structures the provisions of the section will individually apply to each tenant or use and not to the aggregate total of the structure.
 - ii. Retail trade or shop for custom work or the making of articles to be sold at retail on the premises.
 - iii. Offices and banks.
 - iv. Craft, consumer, professional or commercial service established dealing directly with the public and not enumerated elsewhere in this section.
 - v. Personal fitness service establishment. If there is insufficient off-street parking on-site to serve all land uses located thereon in adherence with the requirements of Subsection 5.1.2 Required Parking but it can be demonstrated that the hours, or days, of peak parking for the uses are sufficiently different that a lower total will provide adequately for all uses or activities served by the parking lot.
 - vi. Manufacturing clearly incidental and accessory to retail use on the same premises and the product is customarily sold on the premises.
 - vii. Laundry; coin operated or self-service laundry or dry-cleaning establishment.

4. Amending Subsection 3.17.4. Use Regulations, by adding the following after Subsection 3.17.4.1 Permitted Uses and renumbering Subsection 3.17.4.2 Accessory Uses to 3.17.4.3:

3.17.4.2 Special Permit Uses in the B and CSB Subdistricts.

The following uses are permitted by Special Permit from the Planning Board in the B and CSB sub-districts of the Multi-family Overlay District:

- (a) Ground floor commercial uses as a component of a mixed-use building with Multi-family Housing on the upper floors. Commercial uses are limited to the uses listed below:
 - i. Restaurant serving meals for consumption on the premises and at tables with service provided by a server.
 - ii. Take-out operation accessory to the above.
 - iii. Take-out food counter as an accessory to a food retail or other non- consumptive retail establishment.
 - iv. Retail sales of ice cream, frozen yogurt, and similar products for consumption on or off the premises.
 - v. Take-out establishment primarily engaged in the dispensing of prepared foods to persons carrying food and beverage away for preparation and consumption elsewhere.

Re: 100 West Street, Needham, Massachusetts (the “Property”) – MBTA
Communities Act Compliance

Dear Members of the Planning Board:

We are counsel to Welltower Inc., which owns the Property by and through an affiliate (“Property Owner”). We are writing to follow-up with our comments to the draft zoning amendment that was prepared by the Housing Needham Advisory Group’s (“HONE”) to advance the Town of Needham’s (“Town”) efforts to comply with M.G.L. c. 40A § 3A (the “MBTA Communities Act”).

Enclosed are our proposed revisions to HONE’s draft zoning amendment, which address the comments we discussed with the Planning Board at its meeting on June 18th. As we discussed with the Board, the enclosed revisions address the following comments:

- Clarification that the 15-foot maximum front setback applies to the main datum line of the building to allow for larger periodic front setbacks to accommodate courtyards, landscaping, amenity areas, etc.;
- Modification of the maximum Floor Area Ratio (FAR) to 1.3 for the as-of-right compliance scenario (rather than 1.0) and 1.7 in the special permit scenario (rather than 1.4). In each case, structured parking is excluded from the FAR calculation just as it is in the underlying Avery Square Overlay District;
- Clarification that limited stair and elevator overruns, mechanical equipment, parapets and architectural screening are excepted from the height calculation; and
- Addition of alternative methods for achieving a fourth story by special permit.

We look forward to discussing the enclosed comments with the Planning Board on July 15th.

ARTICLE 1: AMEND ZONING BY-LAW – MULTI-FAMILY OVERLAY DISTRICT

To see if the Town will vote to amend the Needham Zoning By-Law as follows:

1. By amending Section 1.3, Definitions by adding the following terms:

Applicant – A person, business, or organization that applies for a building permit, Site Plan Review, or Special Permit.

Multi-family housing – A building with three or more residential dwelling units or two or more buildings on the same lot with more than one residential dwelling unit in each building.

2. By amending Section 2.1, Classes of Districts by adding the following after ASOD Avery Square Overlay District:

MFOD – Multi-family Overlay District

3. By inserting a new Section 3.17 Multi-family Overlay District:

3.17 Multi-family Overlay District

3.17.1 Purposes of District

The purposes of the Multi-family Overlay District include, but are not limited to, the following:

- (a) Providing Multi-family housing in Needham, consistent with the requirements of M.G.L. Chapter 40A (the Zoning Act), Section 3A;
- (b) Supporting vibrant neighborhoods by encouraging Multi-family housing within a half-mile of a Massachusetts Bay Transit Authority (MBTA) commuter rail station; and
- (c) Establishing controls which will facilitate responsible development and minimize potential adverse impacts upon nearby residential and other properties.

Toward these ends, Multi-family housing in the Multi-family Overlay District is permitted to exceed the density and dimensional requirements that normally apply in the underlying zoning district(s) provided that such development complies with the requirements of this Section 3.17.

3.17.2 Scope of Authority

In the Multi-family Overlay District, all requirements of the underlying district shall remain in effect except where the provisions of Section 3.17 provide an alternative to such requirements, in which case these provisions shall supersede. If an Applicant elects to develop Multi-family housing in accordance with Section 3.17, the provisions of the Multi-family Overlay District shall apply to such development. Notwithstanding anything contained herein to the contrary, where the provisions of the underlying district are in conflict or inconsistent with the provisions of the Multi-family Housing Overlay District, the terms of the Multi-family Overlay District shall apply.

If the applicant elects to proceed under the zoning provisions of the underlying district (meaning the applicable zoning absent any zoning overlay) or another overlay district, as applicable, the zoning bylaws applicable in such district shall control and the provisions of the Multi-family Overlay District shall not apply.

3.17.2.1 Subdistricts

The Multi-family Overlay District contains the following sub-districts, all of which are shown on the MFOB Boundary Map and indicated by the name of the sub-district:

- (a) A-1
- (b) B
- (c) ASB-MF
- (d) CSB
- (e) HAB
- (f) IND

3.17.3 Definitions

For purposes of this Section 3.17, the following definitions shall apply.

Affordable housing – Housing that contains one or more Affordable Housing Units as defined by Section 1.3 of this By-Law. Where applicable, Affordable Housing shall include Workforce Housing Units, as defined in this Subsection 3.17.3 Definitions.

As of right – Development that may proceed under the zoning in place at time of application without the need for a special permit, variance, zoning amendment, waiver, or other discretionary zoning approval.

Compliance Guidelines – Compliance Guidelines for Multi-Family Zoning Districts Under Section 3A of the Zoning Act as further revised or amended from time to time.

EOHLC – The Massachusetts Executive Office of Housing and Livable Communities, or EOHLC's successor agency.

Open space – Contiguous undeveloped land within a parcel boundary.

Parking, structured – A structure in which Parking Spaces are accommodated on multiple stories; a Parking Space area that is underneath all or part of any story of a structure; or a Parking Space area that is not underneath a structure, but is entirely covered, and has a parking surface at least eight feet below grade. Structured Parking does not include surface parking or carports, including solar carports.

Parking, surface – One or more Parking Spaces without a built structure above the space. A solar panel designed to be installed above a surface Parking Space does not count as a built structure for the purposes of this definition.

Residential dwelling unit – A single unit providing complete, independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking, and sanitation.

Section 3A – Section 3A of the Zoning Act.

Site plan review authority – The Town of Needham Planning Board

Special permit granting authority – The Town of Needham Planning Board.

Sub-district – An area within the MFOD that is geographically smaller than the MFOD district and differentiated from the rest of the district by use, dimensional standards, or development standards.

Subsidized Housing Inventory (SHI) – A list of qualified Affordable Housing Units maintained by EOHLC used to measure a community's stock of low-or moderate-income housing for the purposes of M.G.L. Chapter 40B, the Comprehensive Permit Law.

Workforce housing unit – Affordable Housing Unit as defined by Section 1.3 of this By-Law but said Workforce Housing Unit shall be affordable to a household with an income of between eighty (80) percent and 120 percent of the area median income as defined.

3.17.4 Use Regulations

3.17.4.1 Permitted Uses

The following uses are permitted in the Multi-family Overlay District as a matter of right:

- (a) Multi-family housing.

3.17.4.2 Accessory Uses.

The following uses are considered accessory as of right to any of the permitted uses in Subsection 3.17.4.1:

- (a) Parking, including surface parking and structured parking on the same lot as the principal use.
- (b) Any uses customarily and ordinarily incident to Multi-family housing, including, without limitation, residential amenities such as bike storage/parking, a swimming pool, fitness facilities and similar amenity uses.

3.17.5 Dimensional Regulations

3.17.5.1 Lot Area, Frontage and Setback Requirements

The following lot area, frontage and setback requirements shall apply in the Multi-family Overlay District sub-districts listed below. Buildings developed under the regulations of the Multi-family Overlay District shall not be further subject to the maximum lot area, frontage, and setback requirements of the underlying districts, as contained in Subsection 4.3.1 Table of Regulations, Subsection 4.4.1 Minimum Lot Area and Frontage, Subsection 4.4.4 Front Setback, Subsection 4.6.1 Basic Requirements, and Subsection 4.6.2 Front and Side Setbacks.

	A-1	B	ASB-MF	CSB	HAB	IND
Minimum Lot Area (square feet)	20,000	10,000	10,000	10,000	10,000	10,000
Minimum Lot Frontage (feet)	120	80	80	80	80	80
Minimum Front Setback (feet) from the front property line	25	10	Minimum 10 Maximum 15 ^f	20 feet for buildings with frontage on Chestnut Street 10 feet for all other buildings	20	25
Minimum Side and Rear Setback (feet)	20	10 ^{a, b}	10 ^{a, d}	20 (side) ^{a, b, e}	20 ^{a, b}	20 ^{a, b}

- (a) The requirement of an additional 50-foot side or rear setback from a residential district as described in Subsection 4.4.8 Side and Rear Setbacks Adjoining Residential Districts or Subsection 4.6.5 Side and Rear Setbacks Adjoining Residential Districts shall not apply.
- (b) Any surface parking, within such setback, shall be set back 10 feet from an abutting residential district and such buffer shall be suitably landscaped.
- (c) ~~An~~^{Any} underground parking structure shall be located entirely below the grade of the existing lot and set back at least ten (10) feet from the lot line and the surface of the garage structure shall be suitably landscaped in accordance with Subsection 4.4.8.5 Landscaping Specifications.
- (d) The rear and side setbacks are 20 feet along the MBTA right-of-way. With respect to any lot partially within an underlying residential district, (i) no building or structure

for a multi-family residential use shall be placed or constructed within 110 feet of the lot line of an abutting lot containing an existing single family residential structure and (ii) except for access driveways and sidewalks, which are permitted, any portion of the lot within said residential district shall be kept open with landscaped areas, hardscaped areas, outdoor recreation areas (e.g., swimming pool) and/or similar open areas.

- (e) On the west side of Chestnut Street, the rear setback shall be 20 feet. On the east side of Chestnut Street, the rear setback shall be 30 feet.
- (f) The main datum line of the building shall have no more than a 15' front setback; however, larger periodic setbacks from that datum line are allowed if activated by courtyards, landscaping, drive aisles, amenity areas, etc.

3.17.5.2 Building Height Requirements

The maximum building height in the Multi-family Overlay District sub-districts shall be as shown below. Buildings developed under the Multi-family Overlay District shall not be further subject to the maximum height regulations of the underlying district, as contained in Subsection 4.3.1 Table of Regulations, Subsection 4.4.2 Maximum Building Bulk, Subsection 4.4.3 Height Limitation, Subsection 4.6.1 Basic Requirements, and Subsection 4.6.4 Height Limitation.

	A-1	B	ASB-MF	CSB	HAB	IND
Maximum Building Height (stories)	3.0	3.0	3.0 ^c	3.0	3.0	3.0
Maximum Building Height (feet)	40	40	40 ^c	40	40	40

- (a) Exceptions. The limitation on height of buildings shall not apply to chimneys, ventilators, towers, silos, spires, stair overruns, elevator overruns, mechanical equipment, roof parapets, architectural screening, or other ornamental features of buildings, which features are in no way used for living purposes and do not occupy more than 25% of the gross floor area of the building.
- (b) Exceptions: Renewable Energy Installations. The Site Plan Review Authority may waive the height and setbacks in Subsection 3.17.5.2 Building Height Requirements and Subsection 3.17.5.1 Lot Area, Frontage and Setback Requirements to accommodate the installation of solar photovoltaic, solar thermal, living, and other eco-roofs, energy storage, and air-source heat pump equipment. Such installations shall be appropriately screened, consistent with the requirements of the underlying district; shall not create a significant detriment to abutters in terms of noise or shadow; and must be appropriately integrated into the architecture of the building and the layout of the site. The installations shall not provide additional habitable space within the development.
- (c) In the ASB-MF subdistrict, the Applicant may apply for a Special Permit for a height of four stories and 50 feet, provided that the fourth story ~~is contained under~~ along Highland Avenue incorporates one or more of the following design elements: (i) a pitched roof, having a maximum roof pitch of 45 degrees, or is; (ii) a fourth story

recessed from the face of the building ~~(street-facing)~~ by a minimum of 12 feet ~~as shown in the Design Guidelines adopted for the Needham Center Overlay District under Subsection 3.8.8 Design Guidelines;~~ and/or (iii) such other architectural design elements proposed by the Applicant and approved by the Planning Board during the Special Permit process.

3.17.5.3 Building Bulk and Other Requirements

The maximum floor area ratio or building coverage and the maximum number of dwelling units per acre, as applicable, in the Multi-family Overlay District sub-districts shall be as shown below, except that the area of a building devoted to underground parking shall not be counted as floor area for purposes of determining the maximum floor area ratio or building coverage, as applicable. Buildings developed under the regulations of the Multi-family Overlay District shall not be subject to any other limitations on floor area ratio or building bulk in Subsection 4.3.1 Table of Regulations, Subsection 4.4.2 Maximum Building Bulk, and Subsection 4.6.3 Maximum Lot Coverage.

	A-1	B	ASB-MF	CSB	HAB	IND
Floor Area Ratio (FAR) ^c	0.50	N/A	4.00 ^b 1.3	0.70	0.70	0.50
Maximum Building Coverage (%)	N/A	25%	N/A	N/A	N/A	N/A
Maximum Dwelling Units per Acre ^a	18	N/A	N/A	18	N/A	N/A

(a) The total land area used in calculating density shall be the total acreage of the lot on which the development is located.

(b) In the ASB-MF subdistrict, the Applicant may apply for a Special Permit for an FAR of ~~4.4~~^b1.7.

(c) Parking garages, structured parking, interior portions of a building devoted to off-street parking and deck or rooftop parking in the ASB-MF shall not be counted as floor area for purposes of determining the maximum floor area ratio.

3.17.5.4 Multiple Buildings on a Lot

In the Multi-family Overlay District, more than one building devoted to Multi-family housing may be located on a lot, provided that each building complies with the requirements of Section 3.17 of this By-Law.

3.17.6 Off-Street Parking

- (a) The minimum number of off-street parking spaces shall be one space per dwelling unit for all subdistricts within the Multi-family Overlay District.
- (b) Parking areas shall be designed and constructed in accordance with Subsection 5.1.3 Parking Plan and Design Requirements. The remaining provisions of Section 5.1 Off Street Parking Regulations shall not apply to projects within the Multi-family Overlay District.

- (c) Enclosed parking areas shall comply with Subsection 4.4.6 Enclosed Parking.
- (d) No parking shall be allowed within the front setback. Parking shall be on the side or to the rear of the building, or below grade.
- (e) The minimum number of bicycle parking spaces shall be one space per dwelling unit.
- (f) Bicycle storage. For a multi-family development of 25 units or more, no less than 25% of the required number of bicycle parking spaces shall be integrated into the structure of the building(s) as covered spaces.

3.17.7 Development Standards

- (a) Notwithstanding anything in the Zoning By-Laws outside of this Section 3.17 to the contrary, Multi-family housing in the Multi-family Overlay District shall not be subject to any special permit requirement.
- (b) Building entrances shall be available from one or more streets on which the building fronts and, if the building fronts Chestnut Street, Garden Street, Highland Avenue, Hillside Avenue, Rosemary Street, or West Street, the primary building entrance must be located on at least one such street.
- (c) Site arrangement and driveway layout shall provide sufficient access for emergency and service vehicles, including fire, police, and rubbish removal.
- (d) Plantings shall be provided and include species that are native or adapted to the region. Plants on the Massachusetts Prohibited Plant List, as may be amended, are prohibited.
- (e) All construction shall be subject to the current town storm water bylaws, regulations, and policies along with any current regulations or policies from DEP, state, and federal agencies.
- (f) Control measures shall be employed to mitigate any substantial threat to water quality or soil stability, both during and after construction.
- (g) Off-site glare from headlights shall be controlled through arrangement, grading, fences, and planting. Off-site light over-spill from exterior lighting shall be controlled through luminaries selection, positioning, and mounting height so as to not add more than one foot candle to illumination levels at any point off-site.
- (h) Pedestrian and vehicular movement shall be protected, both within the site and egressing from it, through selection of egress points and provisions for adequate sight distances.
- (i) Site arrangements and grading shall minimize to the extent practicable the number of removed trees 8" trunk diameter or larger, and the volume of earth cut and fill.
- (j) No retaining wall shall be built within the required yard setback except a retaining wall with a face not greater than four (4) feet in height at any point and a length that does not exceed forty (40) percent of the lot's perimeter. Notwithstanding the foregoing, retaining walls may graduate in height from four (4) to seven (7) feet in height when providing access to a garage or egress entry doors at the basement level, measured from the basement or garage floor to the top of the wall. In such cases, the wall is limited to seven (7) feet in height for not more than 25% of the length of the wall.
- (k) Retaining walls with a face greater than twelve (12) feet in height are prohibited unless the Applicant's engineer certifies writing to the Building Commissioner that the retaining wall will not cause an increase in water flow off the property and will not adversely impact adjacent property or the public.

Special Development Standards for the A-1 Subdistrict

The following requirements apply to all development projects within the A-1 subdistrict of the Multi-family Overlay District:

- (a) 4.3.2 Driveway Openings
- (b) 4.3.3 Open Space
- (c) 4.3.4 Building Location, with the substitution of “Multifamily Dwelling” for “apartment house.”

Special Development Standards for the B and IND Subdistricts of the Multi-Family Overlay District:

- (a) The requirements of the first paragraph of 4.4.5 Driveway Openings shall apply to all development projects within the Multi-family Overlay District within the B and IND subdistricts.

3.17.8 Affordable Housing

Any multi-family building with six or more dwelling units shall include Affordable Housing Units as defined in Section 1.3 of this By-Law and the requirements below shall apply.

3.17.8.1 Provision of Affordable Housing.

Not fewer than 12.5% of housing units constructed shall be Affordable Housing Units. For purposes of calculating the number of Affordable Housing Units required in a proposed development, any fractional unit shall be rounded up to the nearest whole number and shall be deemed to constitute a whole unit.

In the event that the Executive Office of Housing and Livable Communities (EOHLC) determines that the calculation detailed above does not comply with the provisions of Section 3A of MGL c.40A, the following standard shall apply:

Not fewer than 10% of housing units constructed shall be Affordable Housing Units. For purposes of calculating the number of Affordable Housing Units required in a proposed development, any fractional unit shall be rounded up to the nearest whole number and shall be deemed to constitute a whole unit.

3.17.8.2 Development Standards.

Affordable Units shall be:

- (a) Integrated with the rest of the development and shall be compatible in design, appearance, construction, and quality of exterior and interior materials with the other units and/or lots;
- (b) Dispersed throughout the development;
- (c) Located such that the units have equal access to shared amenities, including light and air, and utilities (including any bicycle storage and/or Electric Vehicle charging stations) within the development;
- (d) Located such that the units have equal avoidance of any potential nuisances as market-rate units within the development;
- (e) Distributed proportionately among unit sizes; and

- (f) Distributed proportionately across each phase of a phased development.
- (g) Occupancy permits may be issued for market-rate units prior to the end of construction of the entire development provided that occupancy permits for Affordable Units are issued simultaneously on a pro rata basis.

3.17.9 Site Plan Review.

3.17.9.1 Applicability.

Site Plan Review is required for all projects within the Multi-Family Overlay District.

3.17.9.2 Submission Requirements.

The Applicant shall submit the following site plan and supporting documentation as its application for Site Plan Review, unless waived in writing by the Planning and Community Development Director:

- (a) Locus plan;
- (b) Location of off-site structures within 100 feet of the property line;
- (c) All existing and all proposed building(s) showing setback(s) from the property lines;
- (d) Building elevation, to include penthouses, parapet walls and roof structures; floor plans of each floor; cross and longitudinal views of the proposed structure(s) in relation to the proposed site layout, together with an elevation line to show the relationship to the center of the street;
- (e) Existing and proposed contour elevations in one-foot increments;
- (f) Parking areas, including the type of space, dimensions of typical spaces, and width of maneuvering aisles and landscaped setbacks;
- (g) Driveways and access to site, including width of driveways and driveway openings;
- (h) Facilities for vehicular and pedestrian movement;
- (i) Drainage;
- (j) Utilities;
- (k) Landscaping including trees to be retained and removed;
- (l) Lighting;
- (m) Loading and unloading facilities;
- (n) Provisions for refuse removal; and
- (o) Projected traffic volumes in relation to existing and reasonably anticipated conditions based on standards from the Institute of Transportation Engineers and prepared by a licensed traffic engineer.

3.17.9.3 Timeline.

Upon receipt of an application for Site Plan Review for a project in the MFOD, the Site Plan Review Authority shall transmit a set of application materials to the Department of Public Works, Town Engineer, Police Department, Fire Department, Design Review Board, and to any other Town agency it deems appropriate, which shall each have thirty five (35) days to provide any written comment. Upon receipt of an application, the Site Plan Review Authority shall also notice a public hearing in accordance with the notice provisions contained in M.G.L. c.40A, §11. Site plan review shall be completed, with a decision rendered and filed with the Town Clerk, no later than 6 months after the date of submission of the application.

3.17.9.4 Site Plan Approval.

Site Plan approval for uses listed in Subsection 3.17.3 Permitted Uses shall be granted upon determination by the Site Plan Review Authority that the following criteria have been satisfied. The Site Plan Review Authority may impose reasonable conditions, at the expense of the applicant, to ensure that these criteria have been satisfied.

- (a) the Applicant has submitted the information as set forth in Subsection 3.17.8.2 Development Standards; and
- (b) the project as described in the application meets the dimensional and density requirements contained in Subsection 3.17.5 Dimensional Regulations, the parking requirements contained in Subsection 3.17.6 Off-Street Parking, and the development standards contained in Subsection 3.17.7 Development Standards.

3.17.9.5 Waivers

When performing site plan review, the Planning Board may waive the requirements of Subsection 3.17.6 hereof and/or Subsection 5.1.3 Parking Plan and Design Requirements, or particular submission requirements.

When performing site plan review for a Multi-family Housing project that involves preservation of a structure listed in the National Register of Historic Places, the Massachusetts Register of Historical Places, the Inventory of Historic Assets for the Town of Needham, or is in pending for inclusion in any such register or inventory, the Planning Board as part of site plan review may reduce the applicable front, side or rear setbacks in this Section 3.17 by up to 40%.

3.17.9.6 Project Phasing.

An Applicant may propose, in a Site Plan Review submission, that a project be developed in phases subject to the approval of the Site Plan Review Authority, provided that the submission shows the full buildout of the project and all associated impacts as of the completion of the final phase. However, no project may be phased solely to avoid the provisions of Subsection 3.17.7 Affordable Housing.

3.17.10 Design Guidelines

The Planning Board may adopt and amend, by simple majority vote, Design Standards which shall be applicable to all rehabilitation, redevelopment, or new construction within the Multi-family Overlay District. Such Design Guidelines must be objective and not subjective and may contain graphics illustrating a particular standard or definition to make such standard or definition clear and understandable. The Design Guidelines for the Multi-family Overlay District shall be as adopted by the Planning Board and shall be available on file in the Needham Planning Department.

ARTICLE 3 NEIGHBORHOOD HOUSING

To see if the Town will vote to amend the Needham Zoning By-Law, inclusive of those amendments adopted under Article 1 and Article 2, as follows, and to act on anything related thereto:

1. Amending Section 3.17 Multi-family Overlay District by revising Subsection 3.17.2.1 Subdistricts to read as follows:

The Multi-family Overlay District contains the following sub-districts, all of which are shown on the MFOD Boundary Map and indicated by the name of the sub-district:

- (a) A-1
- (b) B
- (c) ASB-MF
- (d) CSB-E (Chestnut Street Business – East)
- (e) CSB-W (Chestnut Street Business – West)
- (f) CSB-GS
- (g) HAB
- (h) IND
- (i) IND-C (Industrial – Crescent)

2. Amending Subsection 3.17.1 Purposes of District by amending the last paragraph to read as follows:

Toward these ends, Multi-family housing and mixed-use development (where allowed) in the Multi-family Overlay District is permitted to exceed the density and dimensional requirements that normally apply in the underlying zoning district(s) provided that such development complies with the requirements of this Section 3.17.

3. Amending Subsection 3.17.4. Use Regulations, by adding the following paragraph (b) to Subsection 3.17.4.1 Permitted Uses:

3.17.4.1 Permitted Uses

(b) In the B and CSB subdistricts: Ground floor commercial uses as a component of a mixed-use building with Multi-family Housing on the upper floors are permitted as of right. Commercial uses are limited to the uses, listed below:

- i. Retail establishments serving the general public containing less than 5,750 gross square feet of floor area. In multi-tenanted structures the provisions of the section will individually apply to each tenant or use and not to the aggregate total of the structure.
- ii. Retail trade or shop for custom work or the making of articles to be sold at retail on the premises.
- iii. Offices and banks.
- iv. Craft, consumer, professional or commercial service established dealing directly with the public and not enumerated elsewhere in this section.

- v. Personal fitness service establishment. If there is insufficient off-street parking on-site to serve all land uses located thereon in adherence with the requirements of Subsection 5.1.2 Required Parking but it can be demonstrated that the hours, or days, of peak parking for the uses are sufficiently different that a lower total will provide adequately for all uses or activities served by the parking lot.
 - vi. Manufacturing clearly incidental and accessory to retail use on the same premises and the product is customarily sold on the premises.
 - vii. Laundry; coin operated or self-service laundry or dry-cleaning establishment.
4. Amending Subsection 3.17.4. Use Regulations, by adding the following after Subsection 3.17.4.1 Permitted Uses and renumbering Subsection 3.17.4.2 Accessory Uses to 3.17.4.3:

3.17.4.2 Special Permit Uses in the B and CSB Subdistricts.

The following uses are permitted by Special Permit from the Planning Board in the B and CSB sub-districts of the Multi-family Overlay District:

- (a) Ground floor commercial uses as a component of a mixed-use building with Multi-family Housing on the upper floors. Commercial uses are limited to the uses listed below:
 - i. Restaurant serving meals for consumption on the premises and at tables with service provided by a server.
 - ii. Take-out operation accessory to the above.
 - iii. Take-out food counter as an accessory to a food retail or other non-consumptive retail establishment.
 - iv. Retail sales of ice cream, frozen yogurt, and similar products for consumption on or off the premises.
 - v. Take-out establishment primarily engaged in the dispensing of prepared foods to persons carrying food and beverage away for preparation and consumption elsewhere.
5. Amending Section 3.17 Multi-family Overlay District by replacing the tables in Subsection 3.17.5 Dimensional Requirements with the tables below, with all other text, including footnotes, contained in Subsection 3.17.5 to remain unamended unless noted below:

Overview of Comments received from Attorney General
on initial MBTA Communities zoning review

(received July 1, 2024)

- The existing zoning includes a definition for "multi-family dwelling"...you may want to clarify what definition is intended to apply in this overlay district.
- The existing zoning includes a definition for "family" that you may want to revisit...happy to send you some bylaw decisions we have issued on this topic...the ADU by-law also includes a definition of family that you may want to update.
- Does Section 7.7 Design Review apply? Consider making that clear.
- Consider clarifying that these sections establish the site plan review process for multi-family housing in this overlay district - not the existing Section 7.4 site plan review.
- Consider defining “preservation of a structure” further - i.e. what qualifies as "preservation" such that developer is entitled to the reduced setback requirements?
- The existing zoning defines the term “mixed use building” but doesn't refer to this overlay district - consider amending the existing definition.

Large House Review Study Committee

Draft: July 15, 2024

General Purpose

In response to concerns expressed at the May 2024 Annual Town Meeting as to the impact new or expanded homes are having on the character of the surrounding residential neighborhood and specifically the action taken under Article 44 to refer the issue to the Planning Board for further study, the Planning Board is appointing the Large House Review Study Committee to develop recommendations on how best to ensure that new residential construction in the Single Residence B and General Residence Districts will complement existing buildings, settings and neighborhood character. The Committee will also explore how the updating and upgrading of structures in such neighborhoods can and should be done, while at the same time conserving the neighborhood's distinctive qualities as change occurs. The Planning Board is taking this action as directed by Town Meeting and with the support of the Select Board.

Background

Tear downs have been an issue in Needham for ~~at least~~over a decade. Data indicates that the demolition of older, smaller, and less expensive houses is now the principal source of lots for the construction of new single-family houses. A total of xxx building permits for single-family houses were issued between January 2014 and January 2024. The xxx replacement houses, constructed on lots where an existing house has been torn down, accounted for xx% of the source of new house construction over the past 5 years. The remaining xx% was allocated to infill construction at xx% and to subdivision construction at xx%. Needham is thus a place where the majority of its new single family home construction is derived from tear downs driven by market demand and the unavailability of infill and subdivision lots.

To address the tear down issue a Large House Study Committee was created in May of 2014 to consider the impact new or expanded homes were having on the character of the neighborhoods within the Single Residence B (SRB) and General Residence (GR) zoning districts. The Committee was tasked with developing recommendations on how the updating of structures in such neighborhoods could and should be done, while at the same time conserving the neighborhood's distinctive qualities as change occurred. As a result of the Committees work, Zoning By-Law changes focused around issues of house design and neighborhood character were adopted by Town Meeting in May of 2017 as follows: Side and rear yard setback requirements for conforming and nonconforming lots in the SRB and GR districts were revised to ~~to~~ encourage the breaking up of building massing overall and along the sideline in particular; height requirements in all residential districts were revised to secure a height profile for new construction which was more in scale with that of the existing neighborhood and to further discourage the mounding of the grade along the perimeter of the house as a strategy to maximize building height; garage setback requirements in the SRB and GR districts were increased to help reduce the overall perceptions of massing related to new home construction along the street line without significantly altering desired interior space composition; a floor area ratio requirement was established in the SRB district in an attempt to balance the desire of individual land owners to maximize house size on a lot with the preservation of collective neighborhood character; lot coverage requirements were established in the SRB and GR districts to assure conservation of open space; and front and side yard special permit exceptions for nonconforming structures in the SRB and GR districts were established to assure redevelopment options were available for existing structures rendered nonconforming as a result of the 2017 zoning changes.

Current observations suggest that the reforms adopted in 2017 are not meeting the Town's current planning goals and should be further revised to limit and/or disincentive tear down, ~~and/or incentivize~~ addition buildout activity via further changes in the Zoning By-Law. Specifically, that current by-law regulations for new construction in Needham's residential parcels are overly permissive and do not appropriately regulate house size.

This is to the detriment of the town's goals on affordability, sustainability, and has negative impacts on current and future residents.

Project Scope

The study area shall be all properties located in the Single Residence B and General Residence Districts, which are the residential zoning districts with the smallest lot size/dimensional requirements. The Large House Review Study Committee shall consider the impact new or expanded homes are having on the character of the neighborhoods within the studied zoning districts and shall develop recommendations consistent within the overall purpose for the Study Committee as noted above. The Large House Review Study Committee shall:

1. Review past reports, plans and maps prepared by town committees, town officials, state agencies and consultants including the previous Large House Study Committee.
2. Seek the input of neighborhood residents, builders, contractors, real estate agents, property owners and others as required. It is also expected that the Large House Review Study Committee will hold citizen information meetings to elicit general public comments and input.
3. Review and analyze the current Zoning By-Law and Planning Board Regulations and consideration of amendments to each.
4. Analyze the impact of recent planned and potential new housing constructed in the past 5 years in the Residence B and General Residence Districts.
5. Review and analyze alternative zoning dimensions, restrictions or limitations that may address neighborhood concerns.
6. Review the current FAR definition to determine whether it is too permissive and if so how it should be revised including whether the floor area designed for human occupancy on the third floor or basement level of a house should be included in the FAR calculation.
7. Prepare recommendations to amend the Zoning By-Law or propose other regulatory strategies that will protect the characteristics valued by residents in the Single Residence B and General Residence Districts.
8. Generally, identify key issues and needs, analyze alternative solutions, and make recommendations to the Planning Board, both short and long term, within the overall purpose of the Large House Review Study Committee.

Membership

In making appointments to the Large House Review Study Committee, the Planning Board intends to identify qualified candidates who represent a variety of backgrounds and interests comprising representatives from select Town Boards and Commissions, the League of Women Voters, residents with background or experience in architecture, construction, real estate and two (2) members at-large. The Large House Review Committee shall consist of twelve (14) members as follows:

Two (2) members or designee of the Planning Board
Two (2) members or designee of the Board of Selectmen
One (1) member or designee of the Design Review Board
One (1) member or designee of the Finance Committee

RE: FY 2025 Massachusetts Transportation Management Association (TMA) Grant Program Proposal from 128 Business Council to support the N1: Needham Shuttle

Dear Ms. Fichtenbaum,

128 Business Council is applying for funding from the TMA Grant Program in order to address capacity issues on the N1: Needham Shuttle service by adding a second vehicle. The N1: Needham Shuttle has served the Town of Needham since 2000—providing a critical connection between the Newton Highlands light rail station and the Needham Crossing area. This service is free to ride for affiliates of the private companies that fund it, but also fully open to the public who can ride at a cost commensurate with MBTA fares. As such, the shuttle represents a vital private-public partnership that greatly expands the impact of the Commuter Rail while reducing congestion on Needham's streets.

128 Business Council provides the Town of Needham with (at least) yearly updates on the status of the Needham Shuttle at their annual meeting, and so we are aware that the shuttle has experienced strong and consistent post-pandemic ridership growth—for example, providing 1821 rides in May of 2024, compared to 663 rides in May 2022 and 1316 rides in May 2023. Prior to the pandemic, 128BC operated two shuttle buses on the N1 route with departure intervals of about 25-30 minutes. Today, despite using only one vehicle, the route is achieving 97% of pre-pandemic ridership levels, attempting to serve similar demand levels with half the number of vehicles.

While this post-pandemic ridership growth is mostly good news for Needham from a SOV trip reduction and emissions reduction perspective, 128 Business Council reports that the shuttle is now facing a serious overcrowding problem. When the shuttle reaches capacity and is forced to leave riders behind, those riders can rely upon 128BC's Emergency Ride Home program. This means that riders are still guaranteed to reach their destination, *but at the cost of adding additional TNC trips to Newton and Needham's local roads.*

Receiving this grant would allow 128 Business Council to once again add a second vehicle to the route, decreasing wait times on the N1 from 45-55 minutes to 25-30 minutes, while addressing the overcrowding issue *without* the need to rely on TNC backup trips. 128BC would be able to effectively meet Needham's rising demand for transportation during peak commuting times in areas lacking other public transit options, reducing the number of single-occupancy vehicle trips, all while offering more connections from the vibrant mixed-use Needham Crossing area to the Newton Highlands Green Line station during crucial commuting hours. All of this would be excellent news for the Town of Needham, economically and environmentally, to say nothing of how much it would mean to Needham's workers who rely on this service.

The N1: Needham Shuttle is a cornerstone of the Town of Needham's transportation planning efforts in the Needham Crossing business park. The shuttle's success is also critical to our ongoing sustainability commitments, as articulated in Needham's *Climate Action Roadmap*, which commits the Town to supporting public transportation and enhancing low-carbon mobility alternatives. Transportation contributes one-third of Needham's GHG emissions, most of which come from private vehicles driven by residents and businesses. While we have already seen an increase in electric vehicle adoption within our community, we cannot meet our goals without significant mode shift to public transit and to options like the Needham Shuttle.

We firmly believe that 128 Business Council securing this funding will not only support Needham's transportation and sustainability goals, but it will, more generally strengthen our community's economic vitality, connectivity, and sustainable growth for years into the future. Furthermore, this proposal perfectly fits the grant's own stated goals of reducing single-occupancy vehicle trips, reducing greenhouse gas emissions, facilitating mode shift, increasing transit ridership, and improving access to jobs and other critical destinations.

Best,

MEMORANDUM

To: All Needham Board, Commission and Committee Chairs
From: Christopher H. Heep, Town Counsel
Subject: Open Meeting Law—Requirement to Announce Recording of Meetings
Date: June 20, 2024

The Massachusetts Open Meeting Law states, at M.G.L. c.30A, §20(f), that:

After notifying the chair of the public body, any person may make a video or audio recording of an open session of a meeting of a public body, or may transmit the meeting through any medium, subject to reasonable requirements of the chair as to the number, placement and operation of equipment used so as not to interfere with the conduct of the meeting. At the beginning of the meeting, the chair shall inform other attendees of any recordings.

“The requirement that the chair inform other attendees of any recording includes any recording made by members of the public body itself, including those made for public broadcasting or administrative purposes, such as assisting in the drafting of meeting minutes.” OML 2015-147; citing OML 2012-24. Therefore, the announcement that the meeting is being recorded should include mention that the Town and, if applicable, the Needham Channel are broadcasting and recording the meeting, as well as notice of any additional recording(s) when an attendee has provided the chair with advance notice that they intend to record the meeting.

As an alternative to making an announcement verbally, this requirement may be satisfied by posting a sign to notify attendees that the meeting is being recorded. See OML 2013-136 (where a public body regularly records or broadcasts its own meetings, it may satisfy the requirement of notification by prominently displaying a sign at the meeting location that informs attendees about the recording).

This requirement applies to the meetings of all Town boards, commissions and committees. Chairs (and acting chairs) should be aware of this requirement, and specifically address it at the beginning of every meeting.

The following prepared statement may be used to address this requirement at the beginning of a meeting:

Welcome to the [insert date] meeting of the [insert applicable board, commission, or committee]. As a reminder, this meeting is being broadcast to the Town's YouTube channel and also via Zoom [and, if applicable, by the Needham Channel], and is being recorded for publication, later viewing, and administrative purposes.

- If any attendees have notified the chair in advance that they intend to record the meeting, the chair should also mention those additional recordings.

As noted above, as an alternative to making this statement, the chair may place a sign in a prominent location in the meeting room stating that the meeting is being recorded. However, if this practice is used, the chair should still notify the meeting verbally in the event that an attendee has provided advance notice that they intend to record the meeting.

Thank you for your attention to this requirement, and please feel free to contact this office with any questions.

Subject: Planning Board concerns

To Planning Board:

I have two concerns.

On the review of dimensional regulations for SRB – this should be started immediately in order to have something for May 2025. I have now observed three meetings of the Planning Board since Town Meeting. The lack of meeting time for townwide planning policy, not just on large houses, but also on other topics, does not bode well for the October 2024 or May 2025 Town Meetings.

We are now two months out of Town Meeting and zero minutes have been spent on the large house topic. This is in addition to the minimal attention the Planning Board has previously spent on it.

In the last three meetings, there has been over 3.5 hours of meeting time dedicated to a single, typical residential development (920 South St.). The Planning Board cannot function effectively in this manner. I would note that although this is SRA, it is in the same vein as the issue I have been pushing with SRB reform – people are upset by over-development and permissive regulation in residential zones. The Planning Board should focus on these issues at the source by addressing by-law issues, rather than act as some kind of dispute resolution board.

Here are two listings I highlighted back in the spring – they were both listed in March and are still on the market. I was told there is strong demand for these kind of houses, yet in a very tight housing market, they are not being bought and now even have price cuts. Imagine how much better our community would have been served if the original houses had just been renovated and resold and all the resources spent on these teardowns was put into new housing.

My previous letter provided more than enough rationale on why the town has to move decisively on this issue. If there are any comments or questions, feel free to contact me.

100 West.

A more immediate concern is 100 West St; I am concerned by the lack of critical approach shown by the Planning Board, Planning staff, and Select Board related to this parcel.

Members of town government have cited the RKG conclusion that the Avery Square Business district would be unlikely to be developed. It should be clarified that RKG does not do analysis for each parcel with specific results based on the particular details. The work is a high-level analysis of a dynamic and highly variable situation.

In 2021-22, the owner and developer indicated they were willing to pay \$2 million to simply pivot to a different yet similar use and building design. At the time, I was in the camp that this was acceptable given a need to move forward. Why this plan is no longer economically feasible has never been explained. The previous partner of Welltower, LCB Senior Living, just finished a 90,000 sf independent living and assisted living project in Bedford. What is so different about Needham?

Instead, it appears that one of the things holding back development of the site is the potential for the owner to get a significant increase in what will be allowed at the site simply by waiting. The request for more permissive zoning, including an FAR of 1.7, has not been justified. If it was required, it should have been discussed during the long and extensive public hearing process led by HONE.

There needs to be more consideration and information before rezoning of the parcel beyond what is proposed in the base MBTA Communities Act compliance can be proposed. As a Town Meeting Member, I would like to see at least the following asked:

- Why can the current building not be converted to apartments? Evidence

and specifics would be helpful.

- What are the estimated demolition costs and how long would it take?
- What does economically viable mean? What kind of return does Welltower need for this project? What is the construction cost of the new proposal?
- Welltower has a massive portfolio – can they not offer a single similar example of what they envision for the site?
- How many units will be built? Average size of each living unit?
- Will a new partner (developer, operator, or otherwise) be brought in? Or will Welltower develop and operate the site?
- Will there be solar on new buildings? How much?
- Will the site be senior living, assisted care, independent living, multi-family housing, apartments, etc.?
- Will there be more than one building on site?
- If the building is to be demolished and rebuilt, is mixed-use a possible option?

Regards,

Joe Matthews

Subject: 100 West Street Revisions to HONE Draft Zoning
Date: Tuesday, July 23, 2024 8:56:45 PM

Lee and Alex:

I have a legalese concern about the wording of one of the proposed amendments to Article 1: AMEND ZONING BY-LAW – MULTI-FAMILY OVERLAY DISTRICT.

A proposed change to the new Multi-family Overlay District, Section 3.17.5.1 Lot Area, Frontage and Setback Requirements, would add subsection (f) *The main datum line of the building shall have no more than a 15' front setback; however, larger periodic setbacks from that datum line are allowed if activated by courtyards, landscaping, drive aisles, amenity areas, etc.* I'm not familiar with the term "datum line" and in searching for its meaning I find that it is a term used by architects. My comment, however, is not on the use of that term, although it isn't found elsewhere in our Zoning By-law. Perhaps Natasha will comment on the use of that term.

My comment is the use of the abbreviation "etc." at the end of subsection (f). This will lead to ambiguity in determining what type of site features are allowed to be set back farther than the setback required for the building (in addition to those specified "courtyards, landscaping, drive aisles, amenity areas"). Perhaps the site features that are allowed to be farther setback could simply be listed, and "etc." deleted. Another approach might be to reword as "...if activated by amenity areas such as courtyards, landscaping or drive aisles." Perhaps Paul will suggest alternative wording.

I hope this is an OK way to communicate this concern, and that this comment is helpful. Although I will Zoom in on Thursday, I realize that I won't necessarily have an opportunity to speak.
