5) a. Essential retail establishments as defined by Governor Baker's COVID-19 Executive Orders must limit the number of customers and staff inside the establishment at any given time so that social distancing of six feet may be maintained. All retail establishments must establish maximum occupancy loads in accordance with the "Guidance for Grocery Stores" issued by the Massachusetts Commissioner of Public Health on April 7, 2020. See this order at: <https://www.mass.gov/doc/order-grocery-stores-40-percent/download>. Maximum occupancy shall be posted at each entrance to the establishment and shall be readily visible to members of the public.

Those who are unable to safely don a face covering due to access or functional needs should not wear one.

This Emergency Order shall not reduce or eliminate the requirement of maintaining safe distancing. The use of a face covering should be combined with social distancing

and frequent handwashing and refraining from touching one's face. The use of a face covering is NOT intended to replace those activities but rather to supplement them.

This Emergency Order does not require or recommend the wearing of a face covering in outdoor settings when a safe distance (minimum of six feet) between other persons is observed.

Nothing in this order is intended to encourage residents to act as an enforcement authority for the Town of Needham. Residents should not take it upon themselves to approach people in violation of this order. Residents are urged to focus solely on their personal and family compliance with this order.
