MCM 2: PUBLIC INVOLVEMENT PARTICIPATION LOG**JULY 1, 2024 - JUNE 30, 2025****RECORD OF PHOSPHORUS CONTROL PLAN REVIEW**

Date	Responsible Party	Public Notice Provided	Location of Posting	Notes
6/30/2025	DPW			Impervious layer and phosphorus load updated. Year 7 performance evaluation complete and added to the Phosphorus Control Plan.

RECORD OF BYLAW REVIEW

Date	Responsible Party	Public Notice Provided	Location of Posting	Notes
7/1/2024	SBLWG	Yes	Website	The Stormwater By-Law Working Group was established by the Select Board in 2023. The Working Group will provide input to the Select Board and the Town in the revision and update of "Article 7 of the General By-Laws of the Town – Stormwater". The Stormwater By-Law Working Group will: •Provide input and feedback to the Town Manager and Select Board on updates and requirements of the National Pollutant Distribution Elimination System (NPDES) pertaining to stormwater quality. •Review and make recommendations for amendments to the Stormwater By-Law relating to stormwater capacity. A draft for comment is being posted in August 2025 for public review and comment with anticipated Town Meeting vote for acceptance October 2025.

MCM 2: PUBLIC INVOLVEMENT PARTICIPATION LOG**JULY 1, 2024 - JUNE 30, 2025****RECORD OF PUBLIC PARTICIPATION ACTIVITIES**

Date	Responsible Party	Public Notice Provided	Activity	Record of Measurable Goal
4/25/2025	Parks & Forestry	Yes	Arbor Day - Plant a Tree Event	The Select Board has proclaimed Friday, April 25th as Arbor Day in Needham. To mark the occasion, the Town's Parks and Forestry Division (PFD), in partnership with the Needham High School Environmental Club, will plant new trees on Webster Street behind Needham High School. The plantings will replace seven diseased and dying Crimson Maples removed earlier this year. The new trees—a mix of crab apples, magnolias, dogwoods, and a redbud—were carefully chosen as part of the PFD's ongoing "right tree, right location" approach, which ensures tree species are suited to their surroundings and will thrive long-term. On Arbor Day morning, from 9 a.m. to noon, Needham's three certified arborists will be on site to answer questions, guide volunteers in planting, and hand out free saplings for residents to take home and plant in their yards. Community members are invited to stop by, lend a hand, and learn more about how the Town works to maintain a healthy and resilient urban forest.

MCM 2: PUBLIC INVOLVEMENT PARTICIPATION LOG
JULY 1, 2024 - JUNE 30, 2025

4/22/2025	RTS	Yes	Earth Day - Compost and Loam	The first Earth Day was held on April 22, 1970, when San Francisco activist John McConnell and Wisconsin Senator Gaylord Nelson separately asked Americans to join in a grassroots demonstration. Dealing with dangerously serious issues concerning toxic drinking water, air pollution, and the effects of pesticides, an impressive 20 million Americans—10% of the population—ventured outdoors and protested together. This led the nation to create the Environmental Protection Agency, which followed with successful laws including the Clean Air Act, the Clean Water Act, and the Endangered Species Act. Getting your garden together? Preparing to plant a tree? Stop by the Needham Recycle Transfer Station (RTS) for compost and/or loam.
4/19/2025	RTS	Yes	Paint Reuse/Recycle Days	Every 3rd Saturday from April - October Needham Residents with and RTS sticker are welcome to drop off unused paint for free from 8:00am - 3:30pm.
5/17/2025	RTS	Yes	Paint Reuse/Recycle Days	Every 3rd Saturday from April - October Needham Residents with and RTS sticker are welcome to drop off unused paint for free from 8:00am - 3:30pm.
6/21/2025	RTS	Yes	Paint Reuse/Recycle Days	Every 3rd Saturday from April - October Needham Residents with and RTS sticker are welcome to drop off unused paint for free from 8:00am - 3:30pm.
4/15/2025	RTS	Yes	Compost	Needham residents can get free compost at the Recycling and Transfer Station (RTS)
3/31/2025	DPW	Yes	Flood Preparedness and Solutions Presentation	Residents are invited to the CATH to discuss and learn how flooding impacts Needham and steps to prepare for extreme weather events.

MCM 2: PUBLIC INVOLVEMENT PARTICIPATION LOG
JULY 1, 2024 - JUNE 30, 2025

3/9/2025	RTS	Yes	Fleet Maintenance Facility	Residents are invited to the Jack Cogswell Building at the Recycling and Transfer Station (RTS) this Sunday, March 9th from 2-4 pm to learn more about the proposed construction of a new Fleet Maintenance Facility. This will be a drop-in open house format which will include a walkthrough of the site and building layouts with time reserved for questions after the presentation.
2/17/2025	RTS	Yes	RTS Survey	The Town of Needham wants to hear from ALL residents - whether you use the Recycling and Transfer Station (RTS) or not - to collect feedback on solid waste disposal and recycling in Needham.
2/10/2025	Engineering	Yes	Alder Brook Project Phase I Public Meeting	In collaboration with the Charles River Watershed Association, the Town of Needham is launching a new project to design measures that will improve water quality, reduce stormwater runoff, and enhance flood protections along Alder Brook near the DeFazio Park parking lot on Dedham Avenue. The initiative will involve design for nature-based solutions to improve local climate resiliency and help improve the health of Alder Brook, which feeds into the Charles River.
11/3/2024	RTS	Yes	Leaf Sundays	The Town offers designated Leaf Collection Days at the Recycling and Transfer Station each fall. Residents may bring leaves, brush, and other yard waste for proper disposal, helping to keep storm drains clear and reducing flooding and pollution in local waterways. Materials collected are composted, supporting the Town's sustainability goals and returning nutrients to the environment.
11/10/2024	RTS	Yes	Leaf Sundays	The Town offers designated Leaf Collection Days at the Recycling and Transfer Station each fall. Residents may bring leaves, brush, and other yard waste for proper disposal, helping to keep storm drains clear and reducing flooding and pollution in local waterways. Materials collected are composted, supporting the Town's sustainability goals and returning nutrients to the environment.

MCM 2: PUBLIC INVOLVEMENT PARTICIPATION LOG
JULY 1, 2024 - JUNE 30, 2025

11/17/2024	RTS	Yes	Leaf Sundays	The Town offers designated Leaf Collection Days at the Recycling and Transfer Station each fall. Residents may bring leaves, brush, and other yard waste for proper disposal, helping to keep storm drains clear and reducing flooding and pollution in local waterways. Materials collected are composted, supporting the Town's sustainability goals and returning nutrients to the environment.
11/24/2024	RTS	Yes	Leaf Sundays	The Town offers designated Leaf Collection Days at the Recycling and Transfer Station each fall. Residents may bring leaves, brush, and other yard waste for proper disposal, helping to keep storm drains clear and reducing flooding and pollution in local waterways. Materials collected are composted, supporting the Town's sustainability goals and returning nutrients to the environment.
10/26/2024	RTS	Yes	Household Hazardous Waste Day	The Town hosts Household Hazardous Waste Day to give residents a safe, convenient way to dispose of items such as paints, solvents, pesticides, automotive fluids, and other toxic materials. Proper collection and disposal protect residents, sanitation workers, and the environment by preventing harmful chemicals from entering the soil, water, or air.
9/29/2024	DPW	Yes	Needham Harvest Fair	The municipality holds an annual community event of a Harvest Fair, where DPW staff share information about local watersheds and how residents can help protect them. The event provides an opportunity to learn about water quality, stormwater management, and sustainable practices while enjoying seasonal activities.

SSO REPORTS

Report #	Date	Reporter	Location	Status & Comments
	12/12/2024	DPW - Construction Inspector	At intersection of Hunting Road and Kendrick Street near 260 Hunting Road	SSO Discovered: 12/12/24; 21:30 SSO Stopped: 12/12/24; 23:30 SSO Discharge from: Manhole during By-pass pump operations while sewer break fix operation SSO Discharge to: Ground Surface (no release to surface water) Location: At intersection of Hunting Road and Kendrick Street near 260 Hunting Road Estimated SSO Volume: Estimated 500 gallons Method of Estimating Volume: manhole flow rate chart, visual Cause of SSO Event: Bypass pump intermittently not handling flows (bypass manhole receive intermittent direct flows from downstream pump station) Corrective Actions Taken: installed a second pump to help manage flows Impact Area cleaned and/or disinfected: Yes, salted area. flows spread along road and curb areas during a cold night potentially causing freezing conditions Corrective Actions Completed: Yes, Intermittent overflow conditions eliminated after both bypass pumps installed. Sewer repair completed downstream
	12/6/2024	DPW - WSD Division On-Call staff	At intersection of Hunting Road and Kendrick Street near 252 Kendrick Street	SSO Discovered: 12/6/24; 16:30 SSO Stopped: 12/6/24; 21:00 SSO Discharge from: 18-inch Diameter Gravity Sewer pipeline collapse SSO Discharge to: Ground Surface (no release to surface water) Location: At intersection of Hunting Road and Kendrick Street near 252 Kendrick Street Estimated SSO Volume: Estimated 960 gallons Method of Estimating Volume: manhole flow rate chart Cause of SSO Event: Pipe collapse, a section of the concrete gravity sewer main pipe collapsed Corrective Actions Taken: SSO controlled by utilizing On-call Septic Vector Pumping service. Provided a combination of at least 2 sewer pump trucks or vector trucks. Also used a 6" Godwin bypass pump system to assist with flow controls and bypass sewer collapse for repair. Notified on-call excavation contractor to mobilize and excavate to locate and repair the pipe break/collapse due to pipe depth of approximately 10 ft. Collapse was located soil debris removed via vector truck and top portion of pipe capped and flows restored. Pipe is scheduled for CIPP lining. Impact Area cleaned and/or disinfected: Yes, on-call service pumped and cleaned two catch basins in the affected area. Corrective Actions Completed: Yes, corrective actions completed 12/7 by 10PM on 12/7/24.
